Dril-Quip, Inc. Announces Successful Installation Of HorizontalBore(TM) Subsea Trees At Woodside Shenzi North

April 21, 2023

HOUSTON, TX / ACCESSWIRE / April 21, 2023 / Dril-Quip, Inc. (NYSE:DRQ), (the "Company" or "Dril-Quip"), a developer, manufacturer and provider of highly engineered equipment, service and innovative technologies for use in the energy industry, today announced the successful installation and completion of two 15,000 psi HorizontalBore™ Subsea Trees at the Woodside Shenzi North oil and gas field in the U.S. Gulf of Mexico in collaboration with global controls technology company Proserv.

Dril-Quip's 15,000 psi HorizontalBore™ Subsea Tree is the latest modular designed subsea production system that accommodates numerous completion configuration possibilities. This tree offers the flexibility of running and pulling the upper completion without disturbing the tree-to-wellhead connection or the flowline connection to the tree.

"The successful installation and completion of our two HorizontalBore™ Subsea Trees at the Woodside Shenzi North project is a direct result of the collaborative efforts by the Dril-Quip team and Proserv, to support our customer in increasing their production capacity," said Bruce Witwer, Dril-Quip's Vice President of Subsea Services. "With the increasing offshore drilling activity, this project serves as another example of how our best-in-class solutions and superior service quality make Dril-Quip a leading industry partner."
